Nose Obsession Round Two!

I did a "Nose Obsession" post a few months ago ([click here](#)) & it seemed to go down quite well! If you haven't figured it out I LOVE rose scented products and have fallen in love with a few more!

Hello!

I'm a 21 year old Canadian who has ditched Ugg's B snow-pants for a cardigan and an umbrella!

I've been living in England for almost two years now! It has more products than is recommended.

Rose Tea with Balance Me

I couldn't resist sharing some photos of this lovely little parcel from Balance Me, along with a quick review of the rose scented products I have been trying out. I would like to add that I am not a fan of ordinary biscuits, but the lip and lip balms alongside Biscuits ones were absolutely delicious!!! *orders more*
I also really enjoyed the Rose Garden Tea by Twinings - yummm!

I actually reviewed the Rose One Intensive Lip Salve* (L12) before and it is one of my favourite lip treats.
I find the rose scent a bit too much for a lip balm, but it is a gorgeous product and makes my lips feel incredibly soft.
The Lip Salve contains hyaluronic acid and lanolin to plump and smooth the skin and cocoa, shea and mango butters to soften.
If your lips are extremely chapped and sore, you will love it!
